CALENDAR 1934

CALENDAR 1935

CALENDAR 1936

Introductory

The present volume for the year 1935 is the fifty-seventh edition of Henderson's Directory of Winnipeg, the first being published in 1879.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included on pages 365 to 240 and contains data concerning City, Provincial and Federal Government offices, commercial organizations and military organizations.

THE STREET AND AVENUE GUIDE gives the names of all streets and avenues arranged alphabetically, showing the location, number on the street and name of the occupant. The intersecting streets are shown in the order that they come.

THE BUYERS GUIDE occupies pages 1 to 38. This section of the Directory, printed on coloured paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great and the general appreciation of this need as evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 629 to 1304.

THE CLASSIFIED BUSINESS DIRECTORY commences at page 1305, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING WINNIPEG

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational centre. The Directory acts as a mirror reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the directory in the directory libraries where they are readily available for reference use by the public. There they serve as perpetual advertisements of Winnipeg, for business men the country over realize that the City Directory represents the community as it really is.

POPULATION GREATER WINNIPEG 305,735

The Directory's estimate of population is based on the actual number of individual names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Winnipeg Directory covers considerable territory beyond but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Winnipeg may be obtained.

Respectfully, The Publishers,

HENDERSON DIRECTORIES LIMITED

January 1st, 1935

PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

HUDSON'S BAY COMPANY
Historical Exhibit

The Historical Exhibit at [illegible] Hudson's Bay Company's store [illegible] Portage Avenue, is one of the finest private collections of Western and Arctic material in Canada. It is open to the public during the store business hours and a custodian will act as guide, upon request.

This Exhibit like the other [illegible] the Vancouver Store, represents an orderly display of relics and pictures of pioneer life and settlement of the Canadian West as well as Indian and Eskimo materials. It [illegible] [illegible] Hudson's Bay [illegible] first posts and pushed inland [illegible] costumes, trading articles, [illegible] and models of other days.

The Exhibit contains much material which is on permanent loan [illegible] and Hudson's Bay Company officers. It offers an ideal setting for the preservation and display of such articles where they are of the most educational value. For [illegible] with an appreciation of the [illegible] the colour of Canadian history [illegible] hour (or several hours) can be spent here with genuine pleasure

The collection is divided in [illegible]

All the items are catalogued, with a short description of each, and numbered for ready reference and the custodian will be glad to answer [illegible]

In the section devoted to "Indian Life" many articles are exhibited portraying the industries, customs, habits and pastimes of the various Indian tribes. The Indian tribes of the various parts of the country differed from one another in many ways while retaining certain characteristics throughout

The handicrafts shown are examples of their remarkable native cleverness in adapting the material at hand to their general use

In the exhibit of the work of the Eskimos, there are numerous examples of their ability in carving and manufacturing articles from ivory to meet their needs and fancies. Among the many interesting objects are an Eskimo Kayak (or canoe) made from sealskin, with [illegible]
